with the oil, which could constantly feed the pumps, and have a tendency to create a constant flow of oil and water. In such a case, the engines would work more steadily, and with far greater ease, and there would be far less strain on the walking beam and sucker rods.

The length of tubing in a well should be governed by the locality of the largest oil veins, for it is necessary to form the greatest strength of vacuum at such a point in a well so as to suck the oil and paraffine out of the seams or crevices in the sand rock.

It is undoubtedly a common error of tubing too low, where there is a poor engine and a small power. These hints are thrown out as the result of practical experience and facts, in the hope that some one may be benefited by them.—[Titus-ville Herald.

Two Negroes Killed --- A Boy Wounded. several occasions of late we have een called upon to record difficulties at effersonville between soldiers and citiens, and in some instances murders of ne most diabolical character have been mmitted by negro soldiers, and as yet no arrests have been made. The repetition of crimes of this kind have had the effect to cause considerable excitement in the little town of Jeffersonville. The eeling of the citizens, as well as white soldiers, against the negro regiment stationed there is intense, and unless the proper steps are taken to put a stop to the crease of such outrages, we may be upon to record scenes of blood which have never before disgraced our little sister city. In the Democrat, a few days since, we were compelled to notice some four or five, near Jeffersonville, and one in the town, a soldier belonging to one of the Indiana regiments, who was a lower stage of duty and of power? The excitement concerning the forgery by young Ketchum has somewhat subsided. The extent of the loss is not yet known, but will probably reach half a million. Owing to the extensive forgeries of Ketchum there is a general reform now being inaugurated. In some of the city banks on Wall street to-day checks were paid without being properly certified; in one instance, a broker who applied for \$5,000 was refused, until the books were examined, to ascertain if his accounts justified the loan; it was found that he had overdrawn money to the amount of \$22,000. The last check presented by Ketchum on Monday was drawn in the firm name, and on the City Bank, for \$60,000.

The check was presented in person by Ketchum, who requested that the money be given him in large bills. There being but a small amount of those on hand, he

LOCAL NOTICES.

City Directory.

There are two parties getting up Louisville City Directories, one of whom is Mr. In our general produce markets to-day there is no new feature to chronicle, the demand for all the leading articles of trade still being confined to the wants of the local trade. Flour, owing to the light stock on hand and the fight receipts of wheat, will issue his work a soon as the houses will issue his work a soon as the houses will issue his work as soon as the houses is firm, with prices fully maintained. The sales to-day were made at \$7.75 for superfine, \$9 for plain extra, and \$10 for family. Wheat is coming in but this city, and desires to publish an annual slowly and prices are fully kept up, the millers paying from \$\pm\$ of \$0 \text{ for prime to choice red and white. The demand for corn is only moderate and tke market is quiet at yesterday's quotations.

Our grocery market remains quiet and firm, with the two. The other party, Mr. Edwards, the exception of coffee, which is rainer weak, though prices are not quotably lower.

The provision market to-day was weaker than it has been for some time. Mess pork could have been obtained at \$50, but there were no buyers. Clear work in preference to his or any other. Mr. Williamson is thoroughly qualified to furnish our citizens with a good Directory. He has employed reliable citizen to canvass the city and solicit advertise ments for the work, and we have no doubt that he will get up a good and reliable Directory. He should be encour aged by our merchants and citizens ger

> erally. The low sneaks that Edwards has can assing for him are telling the citizens and business men that Williamson is not getting up a City Directory, and if he loes, it will be nothing but a business ne. This is not true. Mr. Williamson intends to give the citizens of Louisville a first class CITY DIRECTORY, which will be ready as soon as the houses are numbered. Edwards is getting his Directory up without the numbers, and we presum vill be like the last.

SOUTHERN COLLECTIONS, - Basil W. Duke and Wm. C. P. Breckinridge have formed a partnership for the purpose o collecting and arranging Southern debts. They will go South alternately. General Duke is now in the South. Colonel Breckinridge will go South early in September. Address-Lexington, Ky.

THE DELMONICO,-One of the features of the city is the new restaurant and of the city is the new restaurant and billiard saloon of Messrs. Seekamp & For Evansville, Paducah, Eastport and Thomas, on Fifth street, between Market and Jefferson. These gentleman have recently remodeled and fitted up the old Marble Hall and opened one of the finest establishments of the kind in the Southwest. Their bar is supplied with the very best of liquors, cigars, &c., while their restaurant is conducted in a style of unurpassed excellence, being constantly upplied with all the luxuries of the seaon in great abundance. Their billiard room is supplied with the very best paraphernalia to be had, and is large, airy and comfortable, and we know of no similar place in the city where a leisure hour ould be more pleasantly spent than at the Delmonico. 'The proprietors are men of large experience in their business, and if urbanity of manners and untiring efforts o please will avail anything, their house destined to become the fashionable resort of this city. Strangers visiting Louisville should not fail to visit the Delmonico and partake of the hospitalities of Messrs. Seekamp & Thomas.

We perceive that the Boyton Brothers, with their immense collection continue their sale at the house of Wm. Tweedle & Co., at 10 o'clock.

Edward's canvassers are harping on the binding of the last City Directory. If Mr. Edwards had not been so miserly the book would have been bound right. Mr. Cordon, who is now working for Civill and Calvert, and who is the best, or as good a workman as any in the State, bound the work. He (Mr. Edwards) had bound the work. He (Mr. Edwards) had the cases made three weeks before the book cume out, and had them made one-third larger than what he said the book would be. CARTRIDGES.—Wolf & Durringer have

st received a large lot of Spencer and Henry Rifle Cartridges. They keep kinds of Ammunition. augl7 aug17 6t NOTICE.—Key-holders of the Fire-alarm

tucky. To the Business Men of Louisville. Some two weeks ago I commenced anvassing the city for a directory, and gave notice through the public press of my intention to get up such a directory and business guide as our people have long felt the need of. I have been gathering such statistical facts and information as such a work should embody. The canvassing of the city is progressing as as soon as the houses are numbered the canvassing will be completed, and in a short time my book will be ready. I would say to the citizens and business nen and manufacturers generally that I ntend to publish this work annually, and assure them that it shall be a full and assure them that it shall be a full and implete directory. I intend to make this a special business, and I trust the citizens of Louisville, and the business community enerally, will sustain me in the enter-rise commenced. One of the greates

generally, with sustain the interprise commenced. One of the greatest difficulties I encounter in canvassing is the reputation of Edward's Directory, published last year.

I am a citizen of Louisville and expect to remain here, and am resolved to get up what will give general satisfaction. Give me your patronage instead of bestowing it upon strangers, who come among us long enough to get up a book they call a directory, and before the people know what they have got the publisher is off, and we do not see him again until he comes to play the same game over again. The best way to stop such humbuggery is to patronize home instead of traveling agents.

YESTERDAY'S NOON DISPATCHES Gen. Merritt's Cavalry in Texas Their March through the State. Latest Advices from Mexico. **Cortinas Still Around Matamoras** The Cabinet on Jeff Davis. To be Tried by Civil Court. Determination of the Executive. Appointments in Regular Army

Important News from Jamaica

Accident to the Steamship China

NEW YORK, Aug. 16. The Herald's Texas correspondent gives some account of the march of Meritt's cavalry through that State. The good con-duct of the troops was highly spoken of, and they were well received by the inhabitants,
Dr. Peebles, the newly-appointed Col-lector of Customs for Galveston, had ar-

pector of Customs for Galveston, had arrived at that place, and would shortly open the customhouse.

Affairs on both the Texan and Mexican sides of the Rio Grande were quiet at the date of the latest advices. Two colored oldiers were executed at Brownsville on the 29th, for outrages on females. An entire division of the Twenty-fifth corps (colored) paraded on the occasion. The appearance, discipline and deportment of the troops formed the theme of enthusiastic commendation on the part of Texan and Maxican spectators, creat numbers of nd Mexican spectators, great numbers of

whom were present.

Cortinas with his force of Republicans still hovered around Matamoras, but had yet made no further attack on the town, and it was supposed that he would not, his numbers being too insignificant.

A Matamoras paper revives the story that ex-Senator Gwinn is at the head of he Imperial Government of the Mexican State of Sonora, at an annual salary of \$60,000, but without any ducal or other

The Herald's Washington special says as the result of the most careful inquiry, it is believed that there is an unwilling ness on the part of a portion of the Cabi net to have Jeff Davis tried for treason, while there is reason for asserting that the resident is persistent to have him brought before a civil tribunal. Chief Justice Chase is expected to arrive here in the course of a few days for consultation with the President as to the time and place which shall be designated. The ablest counsel in the United States are also being consulted on the subject. There is a fixed determination on the part of the Executive that there shall be an immediate and fair trial by a jury of the country, for high treason. It may, in addition to this, be confidently asserted that the President has determined, as soon as practicable, to withdraw the orders suspending efore a civil tribunal. Chief Justic able, to withdraw the orders suspending he privileges of habeas corpus, and to lispense with military courts.

The President has pardoned the follow-

Congress,
The Times' special says the appointment of Preston King to the collectorship of New York, though made yester-lay, was not permitted to be made public till it was telegraphed back here from New York. The cause of Mr. Draper's properties in the till it was telegraphed back here. ignation is that he became aware of President's desire to appoint Mr, ng, and accepted it as an indication at his resignation would be very accepted.

Maj. Gen. Hooker has recently been made Major General in the regular army his commission as Brigadier General in the regular army to date from Antietam.

NEW YORK, Aug. 16. Dates from Kingston, Jamaica, of the 7th inst., have been received. The Gov-ernor was the subject of much abuse by the newspapers on the island for various offenses which he had given. Among other things, he was severely blamed for having allowed the ex-Queen Emma, of the Sandwich Islands, to pass through Kingston on her way to England without

any official recognition.

À reply from Queen Victoria to a portion of the Jamaica laborers, complaining of their distress, had been received, in which they are advised that they my depend principally upon their own in-lustry for an improvement in their con-

VENEREAL DISEASES. Just Published,

A PRIVATE MEDICAL ON VENEREAL DISEASES, INCLUDING Genorrhea, Gleet, Syphilis, Stricture, Gravel, G Giand and Seminal Vesicies and their treatment, including a chapter on FEMALE DISEASES, with observations on marriage and the prevention of conservations on marriage and the prevention of conservations of conservations and the prevention of conservations of conservations and the prevention of conservations and impotence in both seves; the effects of these diseases on the body and mind, and the Author's New TRAKTMENT of all these cases in full, the only successful method of cure, with an exposition of Quackery. This work is not a quack advertisement, but a Warning and a Guide for married and single. It is the only book that gives the treatment of all the above diseases, in plain English, with full directions for self-treatment, and contains much valuable information not proper to mention in a public notice. The work contains 360 gages and the plates and engravings of the above diseases, of one dollar. Those afflicted with any of the above diseases, before placing themselves under the reatment of all the above diseases, by the most improved methods, as practiced in the best French, English and American Hospitals. Our Disensary is the only institution of the kind in America which has been established by a special charter, and this act should give it a preference over the various quacks of doubtful character to be found in all large dities. orices.

We hardly deem it necessary, at this day, to the superiority of the Metallic Cases over ties.
